Dear Parents/Carers,

NRMA Science & Road Safety Program OPT-OUT NOTE

Our school has been given the opportunity to participate in an NRMA Science & Road Safety Program for all students from Kindergarten to Year 6. The program is valued at \$5,000 and has been offered free of charge to all our students. It involves three Road Safety Shows delivered by trained professional science communicators, together with teacher resources and learning materials for each student.

NRMA invite students to bring their bike helmets to school on the day so that they can practise fitting them during the show. **All helmets brought to school on this day must be clearly labelled with your child's full name.**

Date: **Wednesday 10th March, 2021**

Venue: **Tempe Public School Hall**

Bring: **Bike Helmet (only if students have one, it is not a requirement)**

If you **do not** want your child to attend, you must fill in the opt-out note below and return it to the classroom teacher by **Friday 12th March, 2021**.

Warmest Regards,

Kilisitina Vaitaiki

Co-ordinating Teacher

I would like to opt-out my child, _____ in _____(class) from the NRMA Science & Road Safety Program.
